Program Abstract

When making entries in the text fields on this page do not use any formatting (bullets, numbering, bold, italics, etc.), tables or charts. It is best to save a Word document as plain text before copying and pasting into text fields. Enter at least one character in all fields and save often.

Application Type
1. Make sure the statement accurately describes the application you are submitting. If not, return to the "Application Type" tab to make corrections.

Program Abstract
2. Describe your program's purpose and services for students/families, strategies for achieving project goals, expected outcomes of your intended program, and indicators you will use to demonstrate program success.
3. Do **not** exceed the maximum of 2,000 characters

Timeline
4. Enter the timeline you have developed for program implementation
5. Do **not** exceed the maximum of 2,000 characters

Professional Development
6. Describe a professional development plan that will be provided to staff
7. Do **not** exceed the maximum of 2,000 characters

Program Evaluation
8. Describe an evaluation plan that will document your progress in achieving your goals and objectives. You may use the suggestions in this question.
9. Do **not** exceed the maximum of 2,000 characters

Scientifically Based Research (SBR)
10. Describe how Scientifically Based Research (SBR) will be incorporated into the program.

   As defined in Title IX of the *Elementary and Secondary Education Act* (ESEA), scientifically based research is research methodology that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs.

   Applicants must have a comprehensive understanding of the definition and parameters of SBR curricula and the importance of its utilization to support and achieve the program's measurable educational goals and objectives.

Please refer to the following Web site for a complete understanding of SBR's meaning and necessity. http://www2.ed.gov/nclb/methods/whatworks/research/index.html

11. Do **not** exceed the maximum of 2,000 characters.

Science, Technology, Engineering and Math (STEM), Career Development, and Parental Engagement

12. Describe how STEM, Career Development and Parental Engagement will be incorporated into the program.
13. Do **not** exceed the maximum of 2,000 characters.
